Hedge at Walton Arms

Don't think this was what we wanted to hear!

Good morning Ray

Apologies for the late response I had to speak to various teams to see what went on regard the hedge here.

In essence and to summarise we had consultation with the planners regard the lopping of the tree line as they were over grown and starting to deteriorate. As part of the deterioration the hedge was inspected and advise given that it was dead and couldn't be recovered hence it was removed with the tree lopping.

At present there is no plan to do anything else with the perimeter.

I hope this helps in clarifying your query.

Regards

Andy

14/06/19 Email asking them to reconsider.

Replacement Trees for A56

08/03/19 – Replied to Mr. P's email of the 7th March and gave him Miles Rickard's email details along with copies of my emails to Miles on the 4th April 2018 and 18th May 2018.

Walton Parish Council
Report on Matters Arising 4th July 2019

17/03/19 – Requested response from Miles to my emails to him of the 4th April and 18th May 2018.
19/03/19 – Part of response from MR -

Furthermore, I am currently in discussions with my colleagues regarding the planting of trees on Chester road and will update you as soon as possible.

20/03/19 – Following email from Dave Cotterill.

Ray, good afternoon.

Further to your recent enquiry relating to the above. We have an opportunity to obtain a number of heavy standard Tilia Greenspire @ 20/25 cm girth which are currently at a discounted price from one of our wholesale suppliers. These trees could be utilised to replace failed plantings along this section of Chester Road.

The Parish Councils contribution of £1,000 would be sufficient to fund planting of 6 trees.

Please advise me as soon as possible if you wish to proceed with this project as trees will require planting prior to the end of March 2019.

Regards.

Dave Cotterill

21/03/19 Email to councillors asking whether we wish to go ahead.

28/03/19 – Following email received from Simon Twigg.

Good morning Ray

As spring is now upon us and given the sizable plantings being offered from the supplier, I would have reservation on the survival and successful establishment of the plantings should they be installed within this following month. Therefore I would recommend if funding can be secured, that any planting be scheduled to be undertaken at the start of the next planting season this year.

Should you wish to discuss the above matter, please do not hesitate to contact me.

Kind regards

Simon Twigg

Tree & Woodland Officer

Warrington Borough Council

May 2019 agenda – proposal to go ahead.

8th May Advised Simon that we wanted to go ahead.

8th May Simon out of office till the 30th May.

26/06/19 Reminder to ST asking whether still happy to go ahead.
