### Replacement Trees for A56

28/03/19 – Following email received from Simon Twigg.

#### *Good morning Ray*

*As spring is now upon us and given the sizable plantings being offered from the supplier, I would have reservation on the survival and successful establishment of the plantings should they be installed within this following month. Therefore I would recommend if funding can be secured, that any planting be scheduled to be undertaken at the start of the next planting season this year. Should you wish to discuss the above matter, please do not hesitate to contact me.*

*Kind regards*

*Good Afternoon Ray*

*I hope your well*

*Ray leave this with me please and I will look to address the issue. My first thoughts the risks to staff working on the carriageway and how we can complete the works safely. I understand this will need to be addressed more so to secure the perimeter / boundary wall and the heritage value.*

*Let me speak with my team and we will look to consider the best approach to this task.*

*Kind regards*

**Pavement issues on Chester Road in the Stag area.**

06/07/19 Wrote to Tom Jones to advise that I had written to WBC about the issues he raised.

*29/08/19 Reply from Ryan Dyson Senior Transport Planner.*

*Good morning,*

*I have been asked to provide an update regarding the possibility of providing dropped kerbs at the junction of Pool Lane.*

*We usually deliver the annual programme in two phases. This year, Phase 1 will start on site in September/October and will include a number of locations in the Stockton Heath area.*

*Unfortunately as demand for improvements outstrip the available budget many of these has been outstanding for a while.*

*Whilst these are on-site, we will start planning for Phase 2 which will be delivered early 2020. We will visit Pool Lane and many other requested sites with our contractor next month.*

*Following this site visit, I will be able to provide a further update.*

*Many thanks,*

*Ryan*
