Retaining Wall on Hobb Lane

Hi Ray,

I'm sorry you didn't get an update sooner. Please see Tim's response below. I will schedule another visit for the middle of April (about 3 months from our first visit) to see if there has been any noticeable deterioration by that point.

If you need anything else please let me know and please quote our reference number 18/0015/DB.

Many thanks.

Regards

Subject: RE: Issues in Walton Parish (CRM815128)

Hi Peter,

RE: Condition of existing dry stone wall on Hobb Lane, Higher Walton, Warrington.

Further to your email, I can confirm that I looked at this existing dry stone wall next to the highway on Wed. 17th January 2018 (see email below dated 17th Jan.) and at the time it was not in an dangerous condition.

However due to the age of this retaining wall it will need to be monitored and maintained to prevent any further deterioration and I also believe Highways Section may have previously been involved with this wall and might be able to provide more information on concerns raised about the condition of this wall.

Regards

T.Quinn
